ARREST, ESCAPE, AND RECAPTURE OF A DES PERATE THIEF-A DWELLING-HOUSE ROBtence of the Richmond Dispate

JANUARY 16, 1884. One evening some six or eight months ago Mr. George H. Wright, a merchant of this place, remarked to a friend that he had taken in more money that day than for a long time. Several negroes were in the store at the time. Some hours after the store had been closed a noise was heard in it by Mrs. Harvey, who lives above. The Town Sergeant was immediately notified, and with an assistant was soon on the

A negro named Jonah Richardson, from Danville, brought here to work in Messrs. Hurd, Hooper & Co.'s tobacco factory, was caught coming out of the back door, but by some means managed to slip out of his coat and left for parts unknown. Nothing further had been heard of him until about ten days ago, when Major Poe, of your city, telegraphed here that he had him. He was jodged in jail here last Tuesday a week ago, but managed to conceal a knife and file in his shoe, and on Saturday night, with the assistance of several others in the same room, filed two large bars, and he and a negro boy escaped. The boy was

captured early next morning.
Young Willie Harvey went up the road vey immediately gave the alarm Jonah fled, and was shot at several times, but without effect. Mr. Meadows, the section-master, put after him on foot, and soon overtaking him, held him until assistence. on the passenger train Sunday, and saw Jonah get on the train at Pamplin's. Harovertaking him, held him until assistance arrived. He is now in our jail chained to the floor, and will be tried next week. concealed himself in a box in Wright's store before he closed, and had in his pocket a large rock tied up in a silk hand-kerchief. It is supposed he intended kerchief. It is supposed he intended knocking Mr. Wright in the head and robbing him, but fortunately there were seve ral persons in Wright's store when he losed, who remained until he went out. There are aix or seven prisoners now in

jail here awaiting trial. Some one entered the residence of Mr. J. S. Hart last night about 8 o'clock and stole three jars of lard and several pounds of sausage. Mrs. Hart heard the noise and sausage. Mrs. Hart heard the noise and asked who it was, but the party ran off. Mr. Hart was not at home at the time.

The people here took advantange of the spell and nearly every one has filled his PHENIX.

## Talk with Cardinal Simeoni. THE INSTRUCTIONS TO THE BISHOPS-POINTS

OF THE INSTRUCTIONS WUICH ARE TO BE CONSIDERED IN THE PLENARY COUNCIL IS BALTIMORE IN NOVEMBER NEXT. A London special to the Baltimore Sun

says: To a correspondent of the Sun Car-dinal Simeoni, prefect of the Propaganda, in an interview to-day, praised the Ameri-can prelates for their plety and patriotism. Each bishop, he said, received printed se-cret instructions as the result of the conference with Pope Leo. These instruc-tions will be conveyed to the Plenary Council to be convened in Baltimore in November next. The instructions will then be considered in debate, and perhaps amended. When adopted by the Council they will be returned to Rome, and the Holy See will confirm them as canon law for the United States. Cardinal Simeoni said, further, that in

deference to the See of Baltimore he would inform your correspondent of four of the points in the instructions.

The first point touches upon higher sacer dotal education, which will embrace a twoyears' course in philosophy and three years in theology, a broader study of the physical sciences, as demanded by the exigencies of the times, and also a broader biblical exe-gesis throughout ecclesiastical history and

canon law.

The second point treats of the appoint ment of episcopal consultors, who shall be known as canons, like Roman chapters.

and with similar duties, and the limitation of the number of rectors in each diocese. The third point relates to an improve-ment in the method of nominating episcopal candidates, and the fourth point to im-provement in the methods of pastoral liocesan visitations and in the rules crea-

ting diocesan clergy. It also proposes to establish ecclesiastical courts to try cases of discipline, to report on the abuses arising from pic-nics, fairs, and other such entertainments, to improve and maintain Christian schools, and to report the best method of preserving church property. Cardinal Simeoni also said that the Coun

Rosa Worse, a young German girl, arrived in New York a few months ago for the purpose of marrying her lover, who had preceded her. The couple lived very happily together until they learned to understand each other's language, and then they began to quarrel. germans. I have been troubled twelve years with
a white swelling on my right foot, and getting
worse every year, and very painful, and breaking
out in hot weather. I consulted several doctors,
and they told me it was incurable, and I would
have to take it with me in the grave. Some time
ago I lost my appetite, was costive, had headache,
and fever; in fact, was very sick. I saw in the
German Democrat that Hop Bitters was what I
needed. I got a bottle, took it one week, and was

Hop Bitters Company: I have not been well for three years; tried alm every kind of patent medicines and no less than seven doctors, one of Elmira, N. Y.; none have done me any good. I finally tried your Hop Bit ters, and found them just the thing. I have praised them so highly there is a great number here who ase them with great benefit and satisfaction. Very respectfully yours,

Gentlemen: The Hop Bitters meet with large sales and give general satisfaction; one case to particular you should know of. Mr. John B Green, 728 Spring-Garden street, Philadelphia Pa., has been suffering from kidney affection which superinduced rheumatism. He tried physicians and remedies in vain. He was obliged t take morphine to induce sleep, his trouble was so great. Reading your advertisement in the Chris-tian at Work, he was prevailed upon by one of his daughters to try it. Three bottles effected a cure and now he is an enthusiast for Hop Bitters. He is one of the oldest residents in the locality named

I have been using for a month or two in my nousehold Swift's Specific (S. S. S.), the greater portion of it having been consumed by the female portion of my family, and with the happiest results. It acted like a charm on my wife, who had been n bad health for a long time, and for whom I have paid hundreds of dollars for doctors and medicines. I began to build her up from the first dose. Another female member of my family took it with equally satisfactory results. It is certainly the best tonic for delicate ladies that I have ever used, and I have tried them all. I have no doubt y-ventilated houses, sewer-gas poison, and malurial poison often produce sickness among our wives daughters, and sisters, and I believe Swift's Specific is the remedy for all this sort of bloodpoisoning.
